NEW PAPER .- The "State Rights Intelligencer," is the title of a paper to be published in this place by M. S. Hancock & Co., and Edited by E. G. Henry and J. B. Howcott, Esgrs. The "Intelligencer" will not be a "partizan of the party in power, or of the opposition," but will support the Administration when it conceives it "to be right, and censure it when wrong." As the Editors are both of the Calhoun party, how long, or how far they will support the Administration we cannot tell. The "Intelligencer" will be printed on an Imperial sheet-the first number is proposed to be issued on the first Monday in November next. See Prospectus in mother column.
